Cook Children's Medical Center
christi.thornhill@cookchildrens.org

Clinical Decision Support Tools

- LCAST (available in App Store & Google Play)
The LCAST app designed to support recognition of abuse in babies and young children who have bruises.
<https://research.luriechildrens.org/en/community-population-health-and-outcomes/smith-child-health-outcomes-research-and-evaluation-center/tricam/lurie-childrens-child-injury-plausibility-assessment-support-tool-lcast/>
- Child Protector App (Children's Mercy Hospital)
Child Protector assists Children's Protective Services, law enforcement, attorneys and medical personnel when evaluating children who may have been physically abused.
